

Required safety area
⌀ 900 cm

Mandatory safety area
⌀ 600 cm

150 cm

The diagram shows a central circular object with a radial pattern. Two concentric dashed circles are centered on the same point. The inner dashed circle is labeled 'Mandatory safety area' with a diameter of 600 cm. The outer dashed circle is labeled 'Required safety area' with a diameter of 900 cm. A horizontal dimension line indicates a 150 cm distance from the center of the object to the inner dashed circle. Vertical lines extend from the top of the diameter labels to the dashed circles, and horizontal lines extend from the center of the object to the dashed circles, forming a crosshair.
